

President's Report 2021(Covering Period from Sept 2020 AGM)

Firstly, here is to all who have made it through this period of isolation and new normal, relatively unscathed. To all those who have been significantly impacted by COVID-19, know this community stands with you during this time. I know that as neighbours and friends, there have been many helping hands. Thank you to one and all. This AGM is being held in June, and pending things returning to pre-pandemic normal, the next AGM will be in March 2022, with 2 other regular meetings within the year, as per our bylaws. I am incredibly lucky to have a highly skilled, passionate group of volunteers who complete the committee work throughout the year. I extend my personal thanks to each of the Officers, Committee Chairs, Employees and Volunteers.

General Updates:

Community Partnership Activities:

1) Letters of Recommendation and Support:

Grant for the Community Dock: Under Federal Government Infrastructure Program, to replace failing pieces of the structure. Grant Pending.

Connectivity Upgrade for Internet: Under Federal Government Broadband Funding Program, to support any fully funded projects improving internet speed and access to Thetis Island.

2) Financial Assistance:

Although TIRRA has not provided financial assistance to any youth employment programs this year, there will be a members motion at the AGM2021, to consider funding of a project in the amount of \$3500.

3) Trail Cooperation:

Trail license between Portal Holdings and Island's Trust Conservancy has stalled. TIRRA continues to facilitate use of the trail connecting the parking lot off North Cove Road, to Fairy-slipper Trail. Without TIRRA involvement, the trail would not be open for recreational use. Current agreement between Portal and TIRRA will be reviewed once per year, so as not to lose sight of the expectation to replace the current licence with one between Portal Holdings and Island's Trust Conservancy.

Administrivia:

Trails- Thank you to Vicki and her team of volunteers for the continuing trail work, signage, and thank you to our community members who have agreed to have trails through their property. Last year we purchased a TIRRA weed-whacker, and it has been put to good use.

Cemetery- Thank you to Suzanne for all you do with your core group of volunteers to keep the St. Margaret's Cemetery property the beautiful site that it is. Suzanne and her team sent a letter of thanks to TIRRA regarding the weed-whacker purchased, which saves countless hours for maintenance.

Transportation- Thank you to Stu for your work with many community partners including ferries, Emcon and Department of Highways.

Welcome to Lisa Vernon, who last fall accepted the Secretary position on our TIRRA board. Welcome to Thetis Island, as well.

Solid Waste & Recycling - Thank you to Louise for keeping the garbage portion of our solid waste functioning; a job well done. Your enthusiasm and commitment is appreciated by all residents. As for so many Thetis Island ventures, it would not be possible to operate the Solid Waste yard without great people investing their personal time!

Espokes- Thank you to Claire and the others on the espokes team. Your commitment to publish the daily communication is valued by all of us!

There has been a lot of community conversation about inclusiveness of decision making, information sharing and fiscal accountability. I ask you to hold me accountable that TIRRA meets your expectations on these goals, in the interest of all islanders.

Thank you for your support.

Regards, Wendy Hinsperger, TIRRA President
