

St.Margaret's Cemetery Report TIRRA GM November 25

Not much to report. All is pretty quiet. The dry hot summer was challenging in that there were a number of new plantings, trees and so on that needed to be watered by hand. Water supply was managed carefully but did last through. Expression of gratitude to Noella and Paul Duncan for sharing grey water with the cemetery. Finishing of the remaining split rail fence to happen as soon as there is a break in the weather. We are in the planning portion of creating a memorial plaque program for the cemetery using the present bench dedicated to Pat Hayward. The cemetery board is still looking for board members. contact Suzanne 25-246-9965.
