

TIRRA Executive Meeting

Wednesday, November 3, 2021, 6:00PM

President Wendy Hinsperger called the meeting to order at 6:10PM with the following also present:

- Vice-President, Quentin Goodbody (by phone)
- Treasurer and Solid Waste Chairperson, Ernie Hunter
- Trails Chairperson, Vicki Walker
- Transportation Chairperson, Stu Downey
- Cemetery Chairperson, Suzanne Sarioglu

Wendy requested someone propose a motion to accept the Minutes from the last Executive Meeting. Proposed by Suzanne, seconded by Wendy, unanimously approved.

TIRRA Executive Committee Reports to be found online, brief discussions were held on reports as submitted.

President's Report, Wendy:

Community Dock: still not suitable for Ambulance Emergency Usage. The infrastructure grant applied for in 2020 has been declined by the Federal Government. Opportunities for funding are being pursued by TIPC and Area G Director, Lynne Smith.

Community Composting Initiative: Update provided on e-spokes at end of October. Many financial, regulation, approval and sustainability issues still to be solved.

Connectivity: Still awaiting response from Federal Government regarding CVRD/Connected Coast grant funding under UBF (Universal Broadband Fund).

Appointments to Other Boards:

TICF (Thetis Island Community Fund)

TIRRA was approached to post-approve appointment of Ryan Sharp to the TICF board.

Approved unanimously by TIRRA Executive.

TIPC (Thetis Island Port Commission)

Standing members: Sven Aaberg, Ken Stinson, Peter Theriault, Chris Pegg

NOTE: Patrick Mooney stepping down after 13 years (Thank-you, Patrick)

TIRRA looking for a nominee for this vacancy.

Trail Chairperson, Vicki:

Continues to be problems with signage being removed/pushed aside.

Reminder: Cyclists not allowed as a different foundation must be laid, and paths widened which is

not what agreements with property owners stated. Please advise those who like to bike, that the trails are off-limits.

Watch for signage as trail conditions change during wet weather: historical flooding in some areas.

All trail agreements/licences are now in place.

Cemetery Chairperson, Suzanne

After lots of work in the past 5 years, things are in hand thanks to strong group of volunteers. Thank you to Paul and Noella Duncan for providing grey water to help recently planted landscaping to survive the summer drought.

Suzanne will be retiring from her volunteer position within the next year.

Transportation Chairperson, Stu

Good response/relationship with Emcon.

Safety issues in the area between Ferry Line-up and the Community Dock remain with Islands Trust.

Residents are encouraged to report any debris (rocks) sloughing onto road on Moore Hill by calling Joe at Emcon.

Treasurer, Ernie

Detailed Financial report for Year Ending December 2020 to be posted.

Less than normal financial activity in last 12 months.

Solid Waste Chairperson, Ernie:

Centre review undertaken by Paul Duncan after June AGM, is well underway. This review is about

looking at our pre-COVID operation. He is considering all factors: Financial, Sustainability, Risk,

Health and Safety, Quality. His findings will be shared via E-spokes in early 2022. This will enable

community members to review and consider prior to AGM (planned for early April).

Garbage: nothing new.

Recycle: Ernie continues to run into road-blocks to re-opening, not because of COVID, but because of

staffing and CVRD's unresponsive behaviour to date. We need their understanding in regards to

changes in operation enabling us to operate without a baler. He will engage Lynne Smith to obtain CVRD

response to assist us to explore the cost of various fresh options.

Old Business:

The Welcome Committee is still Wendy since a volunteer(s) has not been located.

Upcoming General Meeting: Nov. 25th, 2021 7:00PM Forbes Hall

Proposed 2022 AGM date April 7th, 2022 7:00PM (Exec meeting March 24, 2022 6:00PM)

Wendy thanked everyone and adjourned the meeting at 7:40PM.
