

TIRRA Executive Meeting

Tuesday, July 5, 2022, 6:00PM

President Wendy Hinsperger called the meeting to order at 6:00PM with the following also present:

- Treasurer and Solid Waste Chairperson, Ernie Hunter
- Vice President, Quentin Goodbody
- Secretary, Lisa Vernon
- Transportation Chairperson, Stu Downey
- Espokes, Claire Hess

Absent – Vicki Walker, Suzanne Sarioglu

President's Report:

Wendy welcomed everyone and opened with an update on the TIRRA nominees to other boards (TIPC and TICF). May need some new nominees for TIPC in coming months, and TICF up to date. The Community Day was successful, but we need to encourage more newcomers to attend as it is the way to source new members to organizations and strengthen to volunteer network on Thetis.

Wendy asked that the Minutes from the April 14th Executive Meeting be adopted. Ernie motioned and Claire seconded. All in favor.

After discussion It was concluded (as a carry forward from April Executive Meeting), that the chairperson of a Standing Committee is a member of the Executive board.

Trail's Report: Wendy noted recent trail highlights in Vicki's absence.

Transportation Report: Stu provided updates: signage, a new MOTI rep (Owen) will come to Thetis for a tour, Islands Trust progress on ferry parking where fog line was cleaned by Joe of Emcon and mowing done June 2. The derelict boat trailers parked at the launching ramp continues to be an issue.

Espokes Report: Claire said all status quo including the need for more volunteers. Volunteers typically spend 15 to 20 minutes per day preparing espokes, with some days requiring contact with writers for clarification or further information, thus requiring longer. Please contact Claire if you wish to be involved.

Welcome Committee: Wendy reported Bev Greene and Greg Gall are doing a great job with meeting new comers. Significant increase in number of personal visits in last 6 months.

New Items:

-TICA is developing their own website as they focus on Forbes Hall. Veronica has suggested a "Communication Chairperson" for TIRRA, a central contact for all organizations so the Welcome, Phone book, Visitor Guide, Espokes, Submissions to the Quarterly for TIRRA, Webcam

and other activities will not fall through the cracks. Executive to consider for Fall TIRRA meeting.

-There was a consensus that TIRRA fees do not need to be raised at this time.

-Solid Waste Options as per the information sheet drafted for Community Day was discussed. No motion was made. Wendy and Ernie will draft an informative bulletin to encourage Thetis Island Ratepayers to attend and vote at the July 25th General Meeting.

-A decision on the \$14,959 Community Works Funds will be delayed until after July 23rd GM as there may be requirements at the Solid Waste site.

Wendy thanked everyone and adjourned the meeting at 7:25PM.
