

TIRRA Special Executive Meeting

Thursday, September 8th, 2022, 2:55PM

President Wendy Hinsperger called the meeting to order at 2:55PM with the following also present:

- Vice President, Quentin Goodbody
- Treasurer and Solid Waste Chairperson, Ernie Hunter
- Secretary, Lisa Vernon
- Trails Chairperson, Vicki Walker
- St. Margaret's Cemetery Chairperson, Suzanne Sarioglu
- Transportation Chairperson, Stu Downey
- Espokes Chairperson, Claire Hess

Wendy Hinsperger thanked everyone for attending this Special Executive Meeting continued from the meeting called by Ernie Hunter and herself August 24th and asked for comments on the Motion still pending:

MOTION: Wendy moved Ernie 2nd: Proposed motion: To rescind motions adopted at the 23rd July 2022 TIRRA GM as pertaining to Solid Waste operation, accept responsibility and apologize to the Community. Prepare an Ordinary Resolution for revote process, regarding the Solid Waste operation, with written ballot, proper notice period, following all TIRRA bylaws and the BC Societies Act.

On August 24th the motion was not finalized because of board discussion on whether the Resolution be Ordinary requiring a 51% majority vote or Special requiring a 75% majority vote per TIRRA Bylaws.

Quentin asked for clarification as to why an apology was necessary.

Ernie presented a letter from Legal Advisor, Robert G Milne, which set out the requirements as to whether another vote was necessary and if undertaken in what manner it should be, Ordinary or Special Resolution. There were objections from members of the board as there was no approval for this legal advice, and the possibility the lawyer was not given sufficient detail for a full opinion. The cost was \$845.25 which is within the board's capacity to approve.

Question called by Chair: 6 in favor and 2 against. Motion carried.

Process and timing of the Revote was discussed. Suggestions made:

Suzanne: Solid Waste Information Session: to precede the revote. Members who feel they did not have enough information before voting regarding Solid Waste operation, can attend this optional session independently before GM (see Stu suggestion below).

Stu: coordinate an Information Session to occur on same day as next General Meeting (October) to reduce number of TIRRA dates for voting members.

Wendy: Should there be a voting committee appointed? Board agreed to collaborate on the voting procedure rather than appoint a committee.

Wendy: Should we have a "Returning Officer" so as to be independent from the Board.

To ensure notice reaches everyone there will be an email package with a mail-in ballot as well as a regular identical mail package for those without email. It will also be posted at the Ferry Kiosk, the Post Office Kiosk and on Espokes. Notification and notice period will dictate dates to be decided.

MOTION: Vicki moved that a Solid Waste Information Session be held in advance of and on the same day as the TIRRA General Meeting. Quentin 2nd. All in Favour.

Quentin requested that the following be inserted into the August 24th meeting minutes for clarity and transparency:

Motion approved at [August 17th](#) TIRRA Special Executive Meeting as proposed by Stu and Suzanne.

New Motion at [August 24th](#) TIRRA Special Executive Meeting to rescind Motion by Stu and Suzanne, and replace.

Between the [April 28th](#), Annual General Meeting, and the [July 23rd](#) General Meeting, additional information associated with hauling costs, and inability of CVRD or Recycle BC to provide support in hauling or pricing. The ordinary motion on [July 23rd](#) included 3 options for 2023 budget, based on the new information.

All agreed on this wording for insertion in the Aug 24th minutes.

It was decided to proceed with a further Executive Special Meeting on September 12th to complete discussions on revote process, the timing (dates and meeting notification requirements) and other tabled discussions.

Wendy adjourned the meeting at 5:15PM
