

Acting President Wendy Hinsperger called the meeting order at 4:00pm with the following also present:

Treasurer and Solid Waste Chairperson, Ernie Hunter
Vice President, Quentin Goodbody (via Zoom)
Communications Chairperson, Veronica Shelford
Trails Chairpersons, Vicki Walker/Doug Fenton
Secretary, Georgina Maule
Absent: Suzanne Sarioglu, St Margarets Cemetery Chairperson

Wendy welcomed everyone and thanked those who submitted reports in advance of meeting. Each committee chair responded to points of clarification. Verbal reports were given where not provided in advance. All reports will be posted for community to review prior to AGM on June 29, 2023.

MOTION: Minutes from February 21st be adopted as posted: Moved by Ernie, second by Georgina: Approved

Wendy noted her oversight at the AGM: Sincere thank you to outgoing Executive Members: Stu Downey as Transportation Chairperson and Secretary Lisa Vernon, and Espokes Chairperson Claire Hess, for their service.

MOTION: Wendy requested the signing authority by board for banking purposes be changed to include Wendy Hinsperger, Ernie Hunter, and Georgina Maule until such time as a change is made and notified to the CIBC in Chemainus. Moved by Wendy, Seconded by Veronica. Approved.

Trails Report: Vicki/Doug: Updates on activities and challenges of trails including discussion on continuous flooding and maintenance. Discussion on beaver dams on the Island. Historical content for the sign for Lawrence Valley Loop is being followed up by Doug with Florence James.

Community Work Funds (CWF): Wendy to follow up with CVRD Area G Director, Jesse McClinton regarding funds held for TIRRA's use (ie: mosquito abatement, valve replacement, webcam upgrade, Road Safety)

St Margaret's Cemetery: Suzanne requested \$200.00+ to purchase "Puller Bear" tool for blackberries and broom:
MOTION: Authorize "all in" amount of \$300 to purchase such a tool: Wendy moved, seconded by Doug: Approved.

Community Day June 24, 2023 (10am to 2pm): Discussion regarding set up of table, information, and volunteers. Recommend an 8' table, a vertical display for better viewing, and members to alternate responsibilities at table.

CVRD Survey Re 3 Stream curbside: Lynn Smith inquired on status of Curbside recycling. CVRD advises Thetis has not wished to participate in the past and a referendum would be needed if Thetis wished to join the program.

Code of Conduct/Mission Statement/Vision Statement/Bylaws: progress being made; suggested gaining member feedback via a dedicated group of volunteer members.

Transportation Report: An email received from Stu Downey suggested utilizing glass crusher funds (Community Works Fund-CWF) for any associated costs of repairing the culvert at Marina Road re mosquito abatement. Unfortunately, CWF funds can only be used on capital items on Community owned property. Discussion on culvert and possible solutions: we most likely have missed the window for repairs to assist in 2023 mosquito abatement. Doug questioned if environmental impacts on the restoration were considered, and what kind of studies had been done that are/would inform the repair. Ernie stated an assessment was commissioned in the past and is on file, date unknown. Reply sent to Stu.

Road safety (speed, grassy road shoulders, awareness, signage etc.) was discussed: Wendy will raise at TCOF (Thetis Community Organization Forum).

Communication, Veronica: General discussion - espokes, Visitor Guides, Welcome Committee. The Ferry webcam maintenance and providence was discussed. Veronica will continue to research.

Solid Waste: MOTION: Ernie moved to stop providing parcel tax rebates: second by Quentin. Approved

Wendy thanked everyone and adjourned the meeting at 5:48PM
