

Thetis Island Residents and Ratepayers Association Executive Meeting Agenda
August 5, 2025

Executive Board and Chair Members Present (includes resident members):

Bill Dickie, Doug Fenton, Sue French, Quentin Goodbody, Mike Harris, Ernie Hunter, Julian Jackman, Suzanne Sarioglu, Lynne Smith, Susan Unger, Vicki Walker,

Executive Board and Committee Chairs absent:

Veronica Shelford (resigned)

Called to Order: 9:30 am

Motion: Adoption of last Executive Meeting Minutes 10 Jun 2025 Moved by Quentin and seconded by Suzanne. Carried.

Agenda additions: Resignation of Veronica. Move discussion of Community Trails to the beginning of the meeting.

Approval of the Agenda: Approved

Community Trails – Lawrence Valley Loop Report - Vicki Walker and Doug Fenton (co-chairs); Bill Dickie (property owner), Sue French (trail steward) and Mike Harris (advisor)

-Vicki shared materials on the “Process of Trail Procurement”, “Possible Options for Lawrence Valley Loop” and satellite images of the Lawrence Valley Loop

-There was considerable discussion regarding TIRRA’s responsibilities for all of the trails, as TIRRA holds 3rd party liability under their insurers. Discussion included management and maintenance of trails, liability for people other than property owners using the trails, as well as compliance with regulatory bodies, understanding best practices for maintaining and upgrading trails. A great deal of work has been done by the trail committee and stewards in gathering information and finding professionals to give input.

-It was agreed that a small group including: Vicki Walker, Doug Fenton, Sue French and Mike Harris will work on a document that will include practices and protocol to date, agreements with property owners, licenses with TIRRA, research and information pertaining to: ALR (Agricultural Land Reserve), multi-use of properties for personal use, farming and recreational trails, DFO (Department of Fisheries) and other regulatory bodies. The group plans to have options for continued trail management, signage and costs for the Executive board to consider in November. The intent is to demonstrate to regulators that we are performing due diligence to minimize impact on the environment and our awareness of guidelines and requirements.

Membership Fees 2025 – Update:

-Ernie reported that current membership is lower than in previous years, largely due to it being a separate application from TICA membership.

-Karl Unger has been working with Veronica on the Membership list and is comparing the current list with the 2023/24 list which he has received from Don Sinclair.

-Discussion regarding how best to encourage previous members, not yet registered for the 2025 year. This could be done by email or phone members. It was not decided who will carry out this role.

-Application forms that include a summary of TIRRA’s functions and committees were prepared by Susan and Karl Unger and these are available at both the Solid Waste Depot and Ferry bulletin board. Susan will circulate the document to all board members.

Banking signatures:

-Ernie is working on a "Letter of Direction" required for TIRRA to file with the government payment and filing system (GPFS). This is different than the general bank account. Ernie would like to have the GPFS in place before changing the signees on the bank account. Current signees are: Ernie and Wendy Hinsperger (past president). There was discussion on the timing of changing the signees to reflect current board involvement to relieve signatories no longer on the board.

-It was confirmed that Thetis residents and owners are able to send direct deposits (e-transfers), cheques or cash into the TIRRA account. It is possible for regular type payments to be sent electronically from the TIRRA account. The only payments which cannot yet be made electronically are to the GPFS.

Veronica Shelford:

Veronica's immense contributions to the community through her various roles were recognized. Discussion occurred about volunteers identified and willing to take on these roles, due to her need to resign from them and the board.

TIRRA Cards:

Julian will create the imagery

-2 side 192 cards and envelopes \$360

-1 side 192 cards and envelopes \$160

TIRRA Bylaws:

- In 2023 the TIRRA board worked on Vision and Mission statements; also in 2020 bylaws were reviewed. Quentin and Lynne will draw together the documentation and will share them with all board members.

Meeting adjourned at: 11:10 am
